## Expression of Interest: Key Dates and Submission Details

**Table: Key Dates and Submission Details**

| | |
|---|---|
| **EOI launch and international dissemination** | 11 August 2026: led by the Office of the Governor with NIPDB, Monasa Advisory & Associates, and DBN. |
| **EOI Submission Deadline** | 23 September 2026 |
| **Advertisement of this EOI** | Published for five working days (Monday–Friday) in The Namibian, Namibian Sun, and New Era newspapers, with international amplification through NIPDB. |
| **Initial submission window** | Approximately two to three weeks following the launch date. Thereafter, the EOI process operates on a rolling annual basis: applicants may submit at any time and will be processed in the next available evaluation cycle. |
| **Lodgement address** | By email to Netumbo.Aukongo@ohangwenaog.gov.na, copying governor@ohangwenaog.gov.na , quoting the sector applied for in the subject line. |
| **Language** | All submissions must be in English. |
| **Evaluation lead** | Technical Committee (eligibility screening) and the relevant Sectoral Working Group (technical, financial, developmental and ESG assessment). |
| **Minimum qualifying score** | 60%. Submissions scoring below this threshold are not shortlisted for Regional Investment Committee (RIC) consideration. |
| **Status of this notice** | This EOI does not constitute a tender, procurement process, or binding commitment by the Office of the Governor, the RIC, or the Government of the Republic of Namibia. |

### Contents of this notice

### How to respond: five steps

1. Read Sections 2 to 4 to confirm your eligibility and the terms on which the EOI is issued.
2. Complete the templates in Section 7 (Attachments 1 to 6) and reproduce them on your organisation's letterhead. Each consortium member completes a separate Attachment 3.
3. Prepare your technical and financial concept note and attach audited financial statements for the most recent three financial years, or an explanatory statement where unavailable.
4. Check your submission against the checklist in Section 5, then email the complete pack to Netumbo.Aukongo@ohangwenaog.gov.na , copying governor@ohangwenaog.gov.na , with the sector applied for in the subject line.
5. Submit by 23 September 2026 for the initial window; later submissions enter the next evaluation cycle.

Optional: register for the investor briefing using Attachment 7.

# 1 BACKGROUND

The Ohangwena Region is Namibia's second most populated region, with a 2023 population of 337,729 and population growth of over 37% between 2011 and 2023: among the highest rates of demographic dynamism recorded nationally. The region anchors the Namibia–Angola corridor through the Oshikango/Santa Clara border post, Namibia's busiest northern crossing, providing direct access to approximately 349.5 million SADC consumers.

Building on the 2025 Ohangwena Regional Investor Map (ORIM) and the 2026 Investor Action Plan (IAP) (2026–2030), the Office of the Governor, through the Regional Investment Committee (RIC), invites suitably qualified and experienced organisations, investors, and development partners to submit an Expression of Interest (EOI) to participate as investment partners in the region's priority sectors.

This EOI is administered under a structured, transparent governance framework comprising the Regional Investment Committee (RIC), a Technical Committee (TC), and five Sectoral Working Groups (SWGs), supported by Monasa Advisory & Associates as Transactional Advisor, the Development Bank of Namibia (DBN) as Lead Financing Arranger, and NIPDB as Promotion Partner. The role of each technical and implementation partner is summarised below.

**Table 1.1: Technical and Implementation Partners**

| Partner | Role in this EOI process |
|---|---|
| **Office of the Governor, Ohangwena Region** | Issuing Authority; process owner; chairs the Regional Investment Committee (RIC) and oversees the Technical Committee (TC) and Sectoral Working Groups (SWGs). |
| **Namibia Investment Promotion and Development Board (NIPDB)** | Promotion Partner: national and international marketing and dissemination of this EOI, investor facilitation, matchmaking, and support with permits, incentives, and regulatory processes. |
| **Development Bank of Namibia (DBN)** | Lead Financing Arranger: structuring and co-financing options, blended-finance facilitation, and financial due diligence support for shortlisted projects. |
| **Monasa Advisory & Associates** | Transactional Advisor: designs and administers the EOI process, provides technical committee secretariat support, and leads due diligence and Investment Facilitation Agreement (IFA) drafting support. |

# 2 MATTERS CONCERNING EOI RESPONSE

## 2.1 Interpretation

To the extent permitted by law, no binding contract, process contract, or other understanding (including any form of contractual, quasi-contractual, or restitutionary right) exists between the Office of the Governor and an interested party unless and until an Investment Facilitation Agreement (IFA) is signed by the Office of the Governor and the successful applicant(s) following the Due Diligence and Negotiation stage of this process.

### 2.2 Language and measurement

Any response, including all attachments and supporting documentation, must be written in English. All measurements are to be expressed in metric (SI) units, consistent with Namibian standards, unless otherwise specified in this notice.

### 2.3 Interested parties to inform themselves

The Office of the Governor makes no representation or warranty that the information in this EOI, the Ohangwena Regional Investor Map (ORIM), the Investor Action Plan (IAP), or any information communicated during the EOI process is, or will be, accurate, current, or complete. Interested parties are responsible for examining this notice and any referenced documents, making reasonable independent enquiries relevant to the risks and circumstances affecting their proposal, and satisfying themselves of the accuracy and completeness of their submission.

### 2.4 Responsibility for Response Costs

Participation in any stage of the EOI process is at the interested party's sole risk, cost, and expense. The Office of the Governor is not responsible for any costs or expenses incurred by any applicant in preparing or lodging an EOI, or in taking part in this process or any follow-on stage.

### 2.5 Unintentional Errors of Form

Where the Technical Committee considers that an EOI contains an unintentional error of form, it may request the applicant to correct or clarify the error but will not permit any material alteration or addition to the substance of the EOI.

### 2.6 Use of Response Documents

Documents submitted in response to this EOI are retained by the Office of the Governor and may be used for evaluating the submission; verifying information provided, including through site visits or reference checks; informing the development of the Project Information Memorandum (PIM) and subsequent due diligence stage; and reporting to the Regional Investment Committee (RIC). Applicants retain ownership of any intellectual property contained in their submission.

### 2.7 Joint Responses (Consortia and Partnerships)

Applicants may respond individually or as part of a consortium or joint venture. Where an EOI is submitted jointly, a single lead entity must be nominated and consortium letters provided. Should the Office of the Governor proceed to an Investment Facilitation Agreement (IFA), its intention is to contract with a single legal entity, or a clearly defined consortium structure, responsible for the delivery of the investment.

## 2.8 EOI Evaluation

The Technical Committee (TC) conducts an eligibility and completeness screening of each submission; compliant EOIs are routed to the relevant Sectoral Working Group (SWG) for assessment against the weighted assessment criteria set out in Section 6. Evaluation is conducted on a confidential basis, and panel members are required not to discuss the assessment of any EOI with external parties. Applicants must not seek direct contact with any member of the Technical Committee, a Sectoral Working Group, or the Regional Investment Committee regarding the evaluation of their submission; any such contact may be treated as a breach of process and may result in exclusion of the EOI concerned.

## 2.9 Termination, Suspension or Deferral of the EOI Process

Without limiting its other rights, the Office of the Governor may suspend, defer, or terminate this EOI process, or elect not to proceed with any further stage, at any time and without liability, and will notify affected applicants accordingly.

## 2.10 Other rights of the Office of the Governor

Without limiting its other rights under this EOI or at law, the Office of the Governor may at any time: verify information and past performance with other persons or organisations; seek additional information from any applicant; permit further parties to join the EOI process prior to the close of a given evaluation cycle; shortlist an EOI without prior notice to other applicants; change the structure or timing of the process and notify applicants accordingly; negotiate with one or more applicants; and admit state-owned enterprises or public entities as applicants, whether as lead or consortium member, subject to additional information being requested to confirm there is no conflict of interest with project stakeholders or beneficiaries. Where a potential conflict of interest is identified, the Office of the Governor reserves the right to exclude the relevant EOI prior to evaluation.

## 2.11 Governing Law

This EOI, and any matter arising from or in connection with it, is governed by and construed in accordance with the laws of the Republic of Namibia, including, as applicable, the Companies Act, 2004 (Act No. 28 of 2004); the Environmental Management Act, 2007 (Act No. 7 of 2007); the Labour Act, 2007 (Act No. 11 of 2007); the Affirmative Action (Employment) Act, 1998 (Act No. 29 of 1998); the Public Procurement Act, 2015 (Act No. 15 of 2015), where applicable; the Namibia Investment Promotion and Facilitation Act; the Regional Councils Act, 1992 (Act No. 22 of 1992); and, where land matters arise, the Communal Land Reform Act, 2002 (Act No. 5 of 2002). Any dispute arising from or in connection with this EOI process shall be subject to the exclusive jurisdiction of the courts of the Republic of Namibia, unless the parties otherwise agree in writing within a signed Investment Facilitation Agreement (IFA).

The Office of the Governor further encourages applications that demonstrate gender responsiveness, youth empowerment, community engagement, and environmental sustainability, consistent with National Development Plan Six (NDP6) and Namibia's Vision 2030.

## 3 PRIORITY SECTORS AND INVESTMENT OPPORTUNITIES

Interested parties may apply under any of the following five priority sectors identified in the ORIM and IAP. Applicants are not limited to the illustrative anchor projects listed below; innovative proposals aligned with these sectors and the region's strategic objectives are welcomed.

**Table 3.1: Priority Sectors and Indicative Investment Envelopes**

| Sector | Indicative envelope (N$) | Anchor projects (illustrative) | Partnership models |
|---|---|---|---|
| **Agriculture & Agro-Processing** | N$90m – N$195m | Mahangu & Grain Hub; Irrigation Scheme; Livestock & Meat Processing; Aquaculture Pilot | PPP, PPCP, JV, Private |
| **Manufacturing** | N$165m – N$410m | Oshikango SEZ; Textile Facility (PIH JV); Logistics Hub; Construction Materials | PPP, JV, Private FDI |
| **Healthcare** | N$73m – N$177m | Helao Nafidi Private Hospital; E-Health; Medical Supplies Manufacturing; Health Insurance | PPP, Private |
| **Tourism** | N$30m – N$65m | Okongo Eco-Lodge; MICE & Conference; Heritage Routes; Conservancy Expansion | PPCP, Community JV, Private |
| **Creative Industry** | N$8m – N$23m | Ohangwena TV Series; Music Studios; Craft Export Chain; Youth Hubs | PPP, Youth Fund, NIPDB |

*Manufacturing carries the largest indicative envelope, reflecting the capital intensity of Special Economic Zone (SEZ) infrastructure and corridor logistics, followed by agriculture. Tourism and the creative industry carry smaller envelopes but have disproportionately high employment and youth-inclusion potential per Namibian dollar invested.*

### 3.1 A Note on Market Data

The indicative envelopes above reflect preliminary sector prioritisation under the ORIM and IAP. Detailed market-sizing data for each anchor project: including demand volumes, market gaps, comparable regional transactions, are indicated on the Investment Prospectus as found on the Office of the Governor, Regional Council, DBN and NIPDB portal.

## 4 ELIGIBLE PARTNER CATEGORIES

Eight categories of partners may apply each with a distinct role in the financing and delivery of anchor projects. The seven categories most relevant to prospective applicants are summarised below.

**Table 4.1: Eligible Partner Categories**

| Category | Who May Apply |
|---|---|
| **Namibian SMEs and entrepreneurs** | Namibian-owned businesses establishing or scaling operations in Ohangwena are eligible for local procurement preference and NIPDB support. |
| **Domestic institutional investors** | DBN, commercial banks (Bank Windhoek, FNB, Nedbank, Standard Bank), GIPF (via asset managers), Agribank, pension funds and insurers. |
| **National DFIs** | Development Bank of Namibia, Agricultural Bank of Namibia, Environmental Investment Fund. |
| **SADC regional businesses** | Companies based in SADC member states with capabilities in agro-processing, healthcare, logistics, tourism or manufacturing. |
| **International private investors** | Foreign direct investors, institutional funds, private equity firms and family offices seeking frontier-market, ESG-aligned opportunities. |
| **Technical assistance providers** | Consulting firms, NGOs, universities and research institutions offering feasibility, capacity-building or technology solutions. |
| **Community-based organisations** | Registered CBOs and conservancies for PPCP investment models in tourism, agriculture and creative sectors. |

## 5 SUBMISSION REQUIREMENTS

Each Expression of Interest must include the following six components, submitted in English. Ready-to-use templates for each component are provided in Section 7 (Submission Document Templates).

**Table 5.1: Submission Requirements**

| # | Requirement | Description |
|---|---|---|
| **1** | **Organisational profile** | Corporate structure, ownership and beneficial owners, registration documentation, organisational chart, and CVs of key personnel proposed for the engagement. |
| **2** | **Technical and financial concept note** | Project description, technical approach, indicative deal size, target sector and location, proposed partnership model, implementation timeline, and expected employment and economic impact. |
| **3** | **Partnership model preference** | PPP, Joint Venture, Public–Private–Community Partnership, Private Investment, Foreign Direct Investment, or Technical Assistance. |
| **4** | **ESG declaration** | Environmental management practices, labour standards, community engagement approaches, and anti-corruption policies. |
| **5** | **Financial capacity evidence** | Audited financial statements for the most recent three financial years, management accounts, bank reference letters, or an explanatory statement where audited statements are unavailable (e.g., early-stage ventures, CBOs). |
| **6** | **Contact details** | Nominated representatives for all subsequent engagement: name, title, email, telephone, and physical address. |

### Submission checklist

A complete EOI comprises the following documents. Applicants are encouraged to confirm each item before lodging a submission.

| | |
|---|---|
| ☐ | Cover Letter of Expression of Interest (Attachment 1, on letterhead) |
| ☐ | Organisation/Investor Declaration (Attachment 2, on letterhead, signed) |
| ☐ | Organisation/Investor Information form (Attachment 3, one per consortium member) |
| ☐ | Organisation/consortium profile (maximum 10 A4 pages) |
| ☐ | Technical and financial concept note |
| ☐ | Relevant Past Experience forms (Attachment 4, up to 10 per sector) |
| ☐ | Table of Indicative Core Project Team with one-page CVs (Attachment 5) |
| ☐ | Checklist for Sector(s) and Scope of Investment (Attachment 6) |
| ☐ | Audited financial statements for the most recent three financial years, or an explanatory statement where unavailable |

## 6 ASSESSMENT CRITERIA AND SCORING METHODOLOGY

All compliant EOI submissions are assessed by the relevant sectoral working group using a weighted scoring methodology. The minimum qualifying score is 60%; submissions scoring below this threshold are not shortlisted for RIC consideration. Scores are advisory to the RIC, which retains discretion to shortlist candidates based on strategic considerations not captured by the scoring framework.

**Table 6.1: Assessment Criteria and Weighting**

| Criterion | Weight | Description |
|---|---|---|
| **Technical capability** | **25%** | Demonstrated technical expertise, relevant track record, quality of proposed approach, capacity to deliver. |
| **Financial capacity** | **20%** | Financial soundness, evidence of capital availability, ability to mobilise required investment, and creditworthiness. |
| **Development impact** | **20%** | Employment creation (with emphasis on youth and women), skills transfer, community benefit, and alignment with NDP6 and Vision 2030. |
| **ESG commitment** | **15%** | Environmental management, social responsibility, governance standards, and climate resilience considerations. |
| **Namibian content** | **12%** | Local ownership, local procurement commitment, joint ventures with Namibian partners, technology transfer, and skills development for Namibian staff. |

| Criterion | Weight | Description |
|---|---|---|
| **Innovation** | **8%** | Novel approaches, technology adoption, scalability, replicability, and contribution to regional value addition. |

*Development Impact (20%) and Namibian Content (12%) together weigh employment and local content outcomes at 32% of the total score: the single largest scoring theme in the methodology. Applicants should therefore clearly articulate anticipated employment creation (with emphasis on youth and women), skills transfer, local procurement, and Namibian equity participation within their Technical & Financial Concept Note.*

## 7 SUBMISSION DOCUMENT TEMPLATES

The following templates are provided for applicants' use in preparing a compliant Expression of Interest. Applicants may reproduce these templates on their own organisation's letterhead.

### Which template do I use?
